

Luxuriously Langkawi

Welcome To Langkawi Island

Langkawi comprises a community of Malaysian fishermen and rice farmers who have lived on the island for generations. Located off the northwest coast between Phuket and Penang, we are influenced by many cultures. We are a friendly, laid back, multicultural community and we take pride in our island, our religions, our way of life, our food and our knowledge of the jungle and the sea for sourcing natural remedies. We respect our neighbors and love our children who enjoy the freedom of a peaceful and safe island. The needy are cared for by village communities and government agencies. We strive to sustain the ecology of our beautiful island through good stewardship and sustainable practices. Throughout Langkawi you will be greeted by the friendly smiles of people who have a genuine interest in all visitors and welcome the opportunity for a chat and a laugh.

We look forward to meeting you and sharing our island with you.
